# DRUM WAVE УДАРНАЯ ВОЛНА

Since 2013 in Saint-Petersburg is held the international competition of drummers, percussionists, marching and brass band "Drum Wave", which has established itself as a FORUM of musicians of different genres and directions.

Over the years, the project involves musicians from more than 40 regions of Russia, near and far abroad: master-makers, the direct producers, official artists, corporate brands, shops, distributors.

Competition "Drum Wave" aims to unite existing and well-established children's and youth music projects from different countries, aimed at the development of creativity of young musicians and improvement of their professional skills.

# DRUM WAVE УДАРНАЯ ВОЛНА

## **The main aim of the competition:**

To involve the younger generation of the best examples of modern music, which is an indicator of behavior and Outlook of young people. What percussion instruments like the heart in any genre and style of contemporary music, diverse rhythms, motor skills, and many timbre of the various percussion instruments are attracting more and more young people to learn this interesting and exciting art. The organizers believe that the festival of children, teenagers and students will have the unique opportunity to Express yourself and get acquainted with the best works of Russian and foreign classical and modern music.

## **Objective of the contest is:**

Propaganda of percussion instruments, promotion of solo and ensemble performance on percussion instruments; improving technical and performing skills of young musicians; the identification of promising young performers on percussion; the preservation and development of traditions of domestic school of teaching and performing on percussion instruments; familiarity with the musical culture of different countries and peoples, a creative dialogue with colleagues from different regions of Russia and other countries.

master classes by eminent performers on percussion instruments, acquaintance with the best musical, educational and methodical material brass and percussion instruments used around the world; familiarity with the Russian culture and propaganda of the Russian performing arts; military-Patriotic education of youth;

popularization of military-musical art; a qualitative increase level of performance among pupils of musical schools, colleges, music schools, military-musical schools; the sharing of experience and raising the level of qualification of teachers; education requirement in the perception of not only classical music, but also to involve children and young people to modern art and culture of different countries; promotion of the possibilities children's music schools and schools of the country in the field of professional training in percussion and wind instruments; raising the prestige of teachers in children's and specialized music schools, colleges, vocational schools and Universities.
