History of Veliko Tarnovo

Veliko Tarnovo is a city with a rich and varied history dating back 7000 years. The first evidence of life dates back to the third millennium before Christ and had the characteristic marks of Thracian culture.

Veliko Tarnovo is a unique and fascinating city - a shrine for Bulgarians and a bastion of Bulgarian national self-esteem and self-awareness. The city will provide you with everything you need for a perfect and unforgettable vacation - rich historical values, active nightlife, a headlong journey through the past, present and future, and the amazing nature of the region will allow you to relax as well as possible.

Veliko Tarnovo is located on the Tsarevets, Trapezitsa and Momina fortress hills, proudly raising their forces above the Yantra River.

All year round you can observe the phenomenal "Sound and Light" show, which is one of the few similar in the world.
